**WATERFRONT NOTES**  
AUSTRALIAN COAL for the Hawaiian Islands will be brought to a variety of tonnage to be found on the berth in the Colonies. Among the vessels reported as having been fixed at Newcastle, N. S. W., for carrying coal cargoes to these islands are the British freighter Kamona, and the German steamer Kalkure. There are at least six windjammers also under orders to proceed here, including the American bark Amaranth, Amazon and James Tuft. The British bark Antelope and the American schooner Inca and Alpena. Several of these vessels have the option of taking their cargoes to San Francisco.

**THE BRITISH TARS** who paid quite an extensive visit to this port in the cruiser Bedford are loud in their praise of the kind treatment accorded them while at Honolulu. In a letter to Captain Rees of the United States Naval Station, Edward S. Fitzherbert takes occasion to state that the officers and men left Honolulu with much regret and look forward with keen anticipation to a future visit.

**THE REPORT** emanating from Hilo to the effect that the inter-island steamer Claudine would be taken off the Hawaii run, has been denied by local officials of the steamship company. The present contract with the United States government continues until July of next year and it is stated that the contract for carrying the mails between Honolulu and Hawaii will be fulfilled.

A RACE between the barkentine lrmgard and the bark Rithet is promised as both vessels have cleared for San Francisco within a few hours of each other. During the morning hours both windjammers lay off Waikiki yesterday.

**THE GIFT** of a number of books and magazines by the people of Honolulu was much appreciated by the officers and men of the departing British cruiser Bedford. They have acknowledged the favor in happy vein.

**Charles R. Crane, May Lose Commission To China**

WASHINGTON, Oct. 10.—The Hon. Charles R. Crane may not represent the United States in China after all. The newly appointed envoy extraordinary and minister plenipotentiary to the Flowery Kingdom arrived here today in response to the call from Secretary Knox, and at once had a conference with the Secretary of State. There is a rumor current, in circles supposedly well informed, that the conference blasted the hopes of Crane as far as a diplomatic post in China is concerned. Report has it that some of the utterances which the minister made in the course of interviews published in Chicago newspapers have not met with the approval of the administration. Crane talked rather freely on the China-Japanese situation, and this may have made the Secretary of State doubtful as to the wisdom of entrusting to him the delicate negotiations which will fall to the lot of the United States Minister to China during the next year or two.

At any rate, there is a report which appears to have considerable foundation that Mr. Crane's interviews caused his recall and may possibly result in his removal from office before he has had a chance to show what he can do.

Crane was in San Francisco, ready to sail for his new post when he received the telegram from Secretary Knox summoning him to Washington. Before responding to the call he conferred with the President, but evidently received little satisfaction. The matter is causing no little talk in official circles.

**GAYNOR CHARGES HEARST WITH BETRAYING HIM.**

NEW YORK, Oct. 10.—Justice William J. Gaynor, Democratic nominee for Mayor of Greater New York, charges William Randolph Hearst today with having betrayed him. In a public statement issued today, Gaynor says that the journalist-politician asked him to run for the mayoralty and pledged to give him every support, no matter on what ticket he might be nominated.

The acceptance of a nomination for the same office on an independent ticket by Hearst, Gaynor characterizes as a breach of trust. Gaynor is very angry at what he considers the duplicity of the man who first induced him to allow his name to be used in connection with the mayoralty.

Hearst tonight responded to Gaynor's scathing arraignment by denying that he promised the noted jurist unrestricted support. Hearst insists that he betrayed no one in accepting the independent nomination and that there is nothing in any pledge made to Gaynor which would forbid him accepting the nomination tendered him.

**UNITED STATES WILL NOT ENTER PROTEST.**

TOKIO, Oct. 10.—No credence is given here to the report that the United States will enter a protest against the terms of the agreement between Japan and China in regard to the construction of the Antung-Mukde railroad. Sensational rumors of probable official action at Washington have been received from time to time, but have made little or no impression.

The leading newspapers of the city today printed strong editorials declaring it to be unbelievable that the United States would take any action in the matter and expressing every confidence that Japan and China will be allowed to carry out the terms of their agreement without any attempts at influence on the part of outside powers.

**PRESIDENT SPEAKS TO TREMENDOUS CROWD.**

FRESNO, Oct. 10.—President Taft today delivered a sermon here in the presence of the largest crowd ever assembled in this city. There was a wild rush for seats, and though every effort was made to provide accommodations for all who might come, many persons were turned away disappointed.

After his address here, the President and his party started for Los Angeles. The train left at 6:25 o'clock tonight and will reach Los Angeles Monday morning shortly after sunrise.

**RAIN INTERFERES WITH GAME.**

DETROIT, Oct. 10.—The third game of the great championship baseball series, scheduled to be played tomorrow will probably have to be postponed. Heavy rains fell today, and in consequence the ball park is in no condition for play.

**TAFT ASKED TO VISIT PHILIPPINE ISLANDS.**

EL PORTAL, Oct. 9.—At 7:10 o'clock tomorrow morning President Taft will leave here for Los Angeles by way of Merced and Fresno. Three hours will be spent in the city of Fresno, according to the schedule, and early Monday morning the Presidential party will reach Los Angeles.

The President has found much enjoyment in his four days' stay in the Yosemite Valley, and the rest has been a welcome change from the wearing round of speechmaking which he has gone through since he left Beverly last month.

California Congressmen are urging upon the President the advisability of making a trip to the Philippine Islands in 1911. They have pointed out that present conditions make it advisable that the chief executive take a look at the eastern possessions.

President Taft has listened sympathetically to the suggestions of the Congressmen, but he has not committed himself as to his future plans. He is evidently favorably impressed by the arguments advanced, however.

Today President Taft ordered that the new immigration station at San Francisco be opened immediately.

**THIRTY-ONE MILLIONS FOR RUSSIAN RAILROADS.**

ST. PETERSBURG, Oct. 9.—Thirty-one million dollars will be expended by Russia in railway construction during the year 1911. The ministry today submitted an extraordinary budget to the duma, calling for the appropriation of this enormous sum to be used in the construction of new lines.

Russia's activity in railroad building is causing no little excitement, and other European powers are looking with interest not wholly unselfish on the plans of the czar's ministers. Statesmen are discussing the probable significance of the actions of the ministry.
